

PHYS 4800/6800
Nanotechnology: From Molecule to Machines
Syllabus: Fall Semester 2009

Time: Tuesday and Thursday, 2:00-3:15pm

Location: Physics Building Room 302

Instructor: Dr. Zhengwei Pan

- ◆ For Undergraduate Students (4800)
 - Final presentation (80%)
On a selected interdisciplinary nanotechnology topic.
 - Participation (20%)
 - Class attendance
 - In class discussion/question
 - Course feedback

- ◆ For graduate Students (6800)
 - Final presentation (40%)
On a selected interdisciplinary nanotechnology topic.
 - Term paper (40%)
Same topic as the presentation
Style of review article
 - Participation (20%)
 - Class attendance
 - In class discussion/question
 - Course feedback

- ◆ Instructor Grading Policy
A = [85, 100], B = [70, 85), C = [55, 70), D = [40, 55), F < 40
Excused Absences: Incomplete grade given.
