

DEPARTMENT OF PHYSICS AND ASTRONOMY

COLLOQUIUM **IN-PERSON ONLY EVENT**

Current Theoretical and Experimental Research Opportunities for Graduate Students

Andre Erpenbeck, Qun Zhao and Tho Nguyen

University of Georgia

Three faculty members (Dr. Andre Erpenbeck, Dr. Qun Zhao and Dr. Tho Nguyen) will share the current and future research happening in their groups. Each will also discuss their potential for taking on new graduate students in their groups. This colloquium will give the entire department insight into the research being done, open up potential collaboration opportunities, and give graduate students seeking an advisor the chance to see what potential there is in our department.

Thursday, September 18, at 3:55 PM

IN-PERSON EVENT ROOM 202

Local Contact: Dr. Tho Nguyen, ngtho@uga.edu
